Title
[F5F04-F] Correspondence, General (1914)

Description
This folder contains correspondence and other documents from 1914, along with undated items that were probably generated in 1914. Included is correspondence with George W. Rowland, superintendent of the Chautauqua Institution, regarding the purchase of lots. Also included are letters to and from Harvie E. Heitman, the Edison family's agent in Fort Myers, regarding improvements at Seminole Lodge. Other items pertain to Mina Edison's interest in the genealogy of the Edison family and to her investments in the Edison Phonograph Works. There are numerous letters from Mina's brother Ira M. Miller and other members of the Miller family concerning the estate of Mary Valinda Miller and other family matters. Other correspondents include Walter B. Dickinson of the Playground and Recreation Association of America, President Edward T. Ware of Atlanta University, and representatives of the American Ever Ready Co.

My dear Mrs. Edison:-

I stopped in at Haustetter's last evening to leave him the data about Mr. Edison's glasses, and thinking to save time, had him ship the eye-shade at once, so that you should receive it to-day. I also spoke to Meyerowitz on the telephone, and gave him directions about the new glasses. They said they would push the work through, and would ship them this evening. I directed them fully about the frames, so that they should be correct. Just as soon as Mr. Edison has used the new glasses for a day, you had better send me the frames, and I will have Haustetter make them all up in accordance with his new formula. It has occurred to me also, that he might find comfort in a pair of bifocal glasses, which he could wear constantly while at work, the advantage being, that he will not have to take the glasses off when he stops reading. If you think well of this, please let me know and

[illegible]

Mrs. Thos. A. Edison,
Orange, N. J.

Dear Mrs. Edison:

Yours of recent date received and I have just been down to look over your house with a view of making the alterations you desire. After looking things over carefully I believe it would be a mistake to take out the partition between the maid's quarters. This is a plastered partition and if you remember the flue from the kitchen goes up in the back end of this partition and I fear it would tear things up pretty badly to try to remove it. If you will pardon the suggestion, I think it would be more practical to screen the veranda between the maids quarters and the main part of the house, which would enable them to leave their door open and would make their rooms as cool as if the partition was removed. This could be done, too, at much less expense and I believe would be more satisfactory in every way. You will remember there is a little covered veranda on the second floor in this house the same as there is in the house which you occupy. If this meets with your approval I will have the work done instead of taking out the partition.

In regard to partition at the gardener's house, Mr. Zeaman says this will not be necessary in order to get the rooms you desire, as they have two more rooms in the house which can be occupied and which they do not use themselves, thus saving this expense, and as you spoke of making some changes in this house I believe you will have all the room you desire over there for the present as Zeaman says this will give three rooms in his house for Mr. Ott and any others you may desire to send down. As you did not wish to go to any great expense on this building it seems to me this is the best plan. The painters will finish all their work next week. I will have the maids quarters prepared for them and will have everything in first-class shape by the time you reach here.

Very truly yours,
H. E. Heitman

Dear Madame,

On the 8th of this month I sent you by American Express, two volumes of Ogden Genealogy, as per instructions received from J.B. Lippincott Co.

The same day at night I received your letter dated Jan. 7th, relative to the same matter. Believing the books would reach you promptly, I did not reply to it, expecting to hear of their safe arrival as soon as a letter would reach you.

As I hear nothing about it, I now write to know if the books have been received, for in case they have not, I will start a tracer to learn what has become of them.

Respectfully yours,

EDISON PHONOGRAPH WORKS

File

Orange, N.J. January 21, 1914.

Mrs. Thos. A. Edison,
Llewellyn Park,
West Orange, N.J.

My dear Mrs. Edison:-

With reference to Edison Phonograph Works Bonds Nos. 121 to 132 both inclusive now in your possession, which should have been retired August 2, 1913, inasmuch as on February 2nd, next, twelve days hence, interest coupons on the other outstanding bonds will be due, the above mentioned twelve bonds should be disposed of before February 2nd and surrendered to the Fidelity Trust Company, in order not to show as default in payment.

Allow me to suggest that if you are agreeable to accept the nine other Phonograph Works bonds held by me in this office, together with a check for $3,000. in exchange for the matured bonds, I will hand over to Mr. Meadowcroft for delivery to you, the nine bonds and check, and he can bring back to me your twelve bonds. If this can be done within the next week to give me ample time to make the necessary entries and transfers, and deliver to the Fidelity Trust Company before the end of January, I would be very thankful to you.

Trusting this suggestion is agreeable to you, and that you can conveniently arrange for the accomplishment of this proposition, I remain,

Yours respectfully,

E J Berggren

My dear Mrs Edison.

Yours of the 20th, with check $20, has been received. I note what you say about your marraige being omitted and also the names and dates of your three children. I wish you had given me the dates of their birth, for I am entering all additions and corrections I can get in a copy kept for that purpose.

I was in Orange and at your husbands office in 1890, on purpose to get full information, and while I was given the date of your marraige, I was not told of any children. My informant was a near relative of your husband, an uncle, I think, but cannot speak positively about the relationship without hunting up my notes. At any rate he gave me your name and the date of marraige which you will find are mentioned at top of page 344. I would say that it was only on account of Mr. Edison's prominence that his children are mentioned, as the book only takes the line down to grandchildren of Ogden mothers. The only way I can now account for the omission of your children is that they may have been born after the date of my visit after information. On Chart 25 you will find plenty of space to enter their names.

Respectfully yours,

My dear Mrs. Edison:

After a most delightful conference with you some days ago, I came away carrying in my pocket the summary of money received through the appeals which you so kindly sent out for us. I am sending it on herewith. The total is $340. We wish to thank you very sincerely for this splendid service which means a great deal more than the actual money received because it involves the interest of so many new people.

Would you care to give us your Southern address where we might reach you with a letter when you have gone? We do not purpose at all to send many letters - perhaps one or two - but there are some problems which we face upon which your counsel would be greatly appreciated and we have thought it might be easy for you to ask Mr. Ford to express his opinion about them, and thus make the approach to the plan which we talked over very easy and natural.

Very sincerely yours,

Walter B. Dickinson

Associate Secretary

Mrs. Thomas Edison,
Glenmone, Llewellyn Park,
Orange, N. J.

My dear Mrs. Edison:

On December 22d I wrote you something about Mrs. Joseph Leslie's lot at Chautauqua. At that time it was not possible to sell as title could not be given, but now Mrs. Leslie is ready to sell and can give clear title. She feels that she should receive at least $2000 for the lot and cottage without the furnishings. Now as I intimated in my former letter, Mrs. Flemming also spoke about buying the lot, and she is still interested. I am telling her in this mail the price, and am asking her to make an offer. I should like to have you do likewise. I think perhaps the nice thing to do would be for you and Mrs. Flemming to buy the lot and divide it between you. This would leave an open space between the cottages, or would admit of both of you enlarging your present cottages. If you feel that $2000 is more than you would be willing to pay, you may make me an offer for it.

Awaiting you reply, I am,

Sincerely yours,
GWRowland
Superintendent.

Dear Mina:-

I don't want to make any unreasonable request of you but if in order may I not ask you to fix up note owing you from me out of my share of the Estate. I would like very much to get these matters cleared up now, for I have a family and future is uncertain with us all and while we now understand and are all well if it is possible I would like to clear the slate now. There surely will be enough coming to me out of the estate to pay all I owe and leave me a margin.

Before you go South kindly see what you can do for me and oblige.

Business is going along fairly but my family needs while Margaret Elizabeth are young are greater than they will be later.

Love to you all. Expect Louise Saturday Ira

Dear Madam:

We have received your letter of March 10th, relative to your check #6705 of $26.85.

Since writing you on March 9th, we have located on our Miscellaneous Sundries Account, charges of December 27th, $14.85, and January 12th, $12.00, against Wm. H. Meadowcroft. Upon taking this matter up with our Mr. Westbury, he tells the writer that he believes the above payment was rendered in full payment of these bills, in consequence of which we are not returning it to you herewith, but are asking that we be advised as to whether or not our conclusions are correct.

IRA. M. MILLER
AKRON, OHIO

answered

March 12. 1914

Dear Mina:-

I am sorry not to hear from You in regard to the Estate matters. Mr Miller writes that you will write me from Florida and while I know you are a busy woman down there and I should not disturb you yet I cannot avoid writing you on business as you failed to write me from home. What are your plans about the estate?, I think I might be set aright about what is coming to me and debts owing others and to be collected from my share. I learn that others have received their Bonds. Surely there will be considerable more coming out of the Real Estate to pay my debt to you & others and therefore why not send me Bonds if others have theirs &c. Hope You are having good times and surely it is fine to have the Fords with You. We are all well here and send our love to you. Elizabeth & Grand ma Wise are in New York and Cora is having good rest. Margaret being busy at her studio through the day.

Another party came to see me today about the front lots & land down along the Canal near Williams Foundry. Have you any plan for this land and what price would you care to make on it? This is another party different than Haber party that made \$9000.00 offer - I think the land is worth \$20,000.00 and possibly more

Yours Affectionately

Ira

FORWARD
Blythwood

Souvenir letter.

Dear Mrs Edison

Your Sweet thought of me has touched me deeply, so many Exquisite roses and beautiful Carnations from your greenhouse have reached me since you left! Again last week another generous and lovely bouquet was left at my door, all of which we greatly appreciate. I love to think of you all as having such a happy time living out of doors and escaping our atrocious weather, but I was very sorry to hear of the fire in Mr. Edison's Bronx studio. Still I hope it does not at all mar the pleasure of your Southern visit! Mr. Edison looks the happiest of the trio indeed he seems bubbling over with the joy of life in Fort Myers. Mr. Burroughs seems cheerfully contented, at peace with all the world. ready to stop on for the remainder of his life with such congenial and rare friends as Mr and Mrs Edison. While Mr. Ford is on the keen jump, it was a pleasure to find these pictures in yesterday's Times. I promptly cut them out for my scrap book. How dear of you to send me Fabre's interesting book on the Social Life of Insects. Fabre's descriptions are marvellous. he must have been sustained by a well-spring of enthusiasm, to persist in his long continued and unremitting observations of the most minute details in order to amass such a fund of knowledge. Last year I kangarooed through "The Girl of the Limberlost." I think the Emperor Moth the Great Peacock is the one "The Girl" sought and eventually had the good fortune to find.

Mrs Yardley has only been here once since her son's death but she bears her sorrow bravely. Mrs Sam Yardley is left with almost nothing, her husband's affairs were sadly involved.

Mrs Smith is coming out on Friday to stop in her own home, until she sails on April eighteenth, I understand that preparations are being made for the placing of her electrical clock in the tower of the first church, Presbyterian. Mr Colgate & Muriel returned last evening. Mrs Colgate stopped in Richmond over night.

With again thanks and many loving thoughts for you all. dear Mrs Edison. believe me Yours affectionately Eva B. Douglass

Dear Sir and Madam:-

A farewell meeting for Mr. Alfred Noyes is being arranged under the auspices of the League for Political Education on the afternoon of March 27th, when Mr. Noyes' one act play "Rada" will be presented by Miss Mary Shaw, to be followed by Mr. Noyes reading from his own poems. An honorary committee is being formed for the occasion, and already a number of prominent people have consented to the use of their names in this way, and I write to ask whether you would permit the use of your name.

DANIEL N. POMEROY
ENGLISH WALNUT ORCHARDS
LOCKPORT, N. Y.

April 10th, 1914.

Mr. M. R. Hutchinson,
Orange,
N. J.

Dear Sir:-

Your letter and cheque received for vines and English walnut trees. We thank you and same will have our very careful attention shortly. We consider this a bit early for that climate of Minn. These trees are dormant now and will be for over a month and therefore no hurry about digging and shipping. We have shipped but very few orders so far this spring, just to some Southern points where their season is far in advance of ours. Shipped to Florida one year the 28th of March and before we had really got into our regular deliveries received letter from the Florida buyers stating that the little trees had averaged 8 inches of growth!

Would it be possible to interest Mr. Edison in these unusual trees? Henry Ford planted 100 on his estate, many of the New York "Big Business Men" have planted quantities on their estates. Col. Roosevelt, Knox (hat man), Rockefellow and many others prominent in all lines of endeavor. Order today from big railroad man in Utah. Forrest Crissey the magazine writer (note his part of enclosed booklet) had 50 planted on his Vermont farm a year ago, he just reported every one doing finely and ordered 50 more.

The grape vines will be shipped from the Fredonia, N. Y. vine specialists, Hubbard Co. You might like their booklet on culture and care of grapes.

When you are on your way to Minnesota or coming back or any time when in Buffalo would appreciate having you call on us, we are 25 miles distant and good trolley and train service, would show you some interesting sights and enjoy meeting you. The summer or fall is of course the most favored time in fruit country, let me hear from you.

Very sincerely yours,

Daniel N. Pomeroy

FNP/HDP

Mrs Edison: These are remarkably sturdy, prolific trees. I have ordered some for my Minnesota place. Do you want to try some. MRH.

Mr Hutchinson; Will you kindly give Mrs Edison, prices etc, for these trees,
E. Haas.

April 14th, 1914.

My dear Mrs. Edison:-

You may perhaps remember my asking you a favor in connection with the temperance work in New Jersey some time ago, and at that time you expressed your interest in the work.

Mr. O. Bell Close the bearer of this letter is one of the new organization of the Anti-Saloon League of New Jersey, which has taken hold of the situation in our State. I would appreciate it very much if you will give him a few minutes of your time. I believe you will be in accord with his ideas and I know your suggestions will be valuable to him.

My dear Mrs.Edison:-

I wish to thank you most heartily for your check which has just come to hand for Atlanta University.

The amount received for the laundry is about one thousand dollars. We have decided to rebuild the old wing and still use the basement for laundry purposes. It will be possible, however, to get additional light and room. I hope that you approve of our use of your appropriation in this way instead of in building a new laundry as we first proposed.

Sincerely yours,

Edward T. Ware

St. Faith's House
TARRYTOWN-ON-HUDSON
NEW YORK

May 21, 1914.

Dear Mrs. Edison,

In hospitals you do not find scarlet fever patients in the same ward with smallpox sufferers. We would not abandon the smallpox victims, but we do isolate them.

At St. Faiths House we take little girls from twelve to twenty years of age who are facing the tragedy of unmarried motherhood. The purpose of the home is to take these young girls away from the contaminating influence of older women, hardened in crime, with whom they may be thrown in larger and more general institutions, and give them a real chance to start over. We keep the girls and their babies two years, and place the girls in positions where they can keep their children with them.

Ninety per cent. of our girls have turned out to be self-respecting women, able to support themselves and their children. Don't you think that is a remarkable record? We believe we are doing a wonderful work. The facts speak for themselves, yet the work is unsupported. We have a few loyal friends and subscribers, but not half enough. Won't you help us? I wish I dared ask you for fifty dollars, but I don't dare, for fear you might not send anything. So won't you send five dollars? Make your check payable to St. Faith's House and send it to St. Faith's House, Tarrytown, N.Y.

Your money will help one little girl to make a success of life at a time when everything points toward failure. This isn't sentiment, it is fact.

I don't know how to put the case more strongly, but, won't you please send a check soon?

Shall I mail you our Report for 1913?

Very truly yours,
Blanche Miner.
Financial Secretary.

Dear Mina:-

Lewis has just asked me about the Executors Books used in keeping account of Fathers estate. I have them here and will be very glad to explain or give you information on any of the accounts you wish to know about but I would not care to let the books out of my hands. I inclose herewith a report which is a copy of my report to the Probate Judge and thus virtually a report of my books.

As for the Glidden Note - up to the time of making final report to the P.J. that note was considered valueless. Property that was given to secure same had been sold for taxes, Mr Glidden was Bankrupt we were not flush but after several visits to Mr Glidden in Cleveland he made me a proposition that on a share basis he would look the property up. He reported that M. Hickok of Cleveland owns some property near us taken on the same basis that Father got his and that he was going to pay the taxes and redeem the property. As we were not flush with cash we could not do this and it was considered a doubtful chance for making money anyway. so (executor) I went in on share basis with Glidden He to pay all Expenses,

$325.00 came out of the 1st release, which you got from my share of Mother estate.
$50.00 came out 2d release which was paid to Mary for Mother's account.
You I believe have the Glidden note there and we may possibly get a little more out of it some day but doubtful.
The Cemetery call for $250.00 is for Care of Lot. When it was first presented we all here decided that as long as we had the Greenhouse Boys we would take care of the Lot ourselves and matter stands that way now far as I know We need not pay the 250.00 unless we want to, for perpetual care.
I wrote you in full along in February last my views regarding Oak Place and then followed that up with an O.K. when Louise was here.

I am sure you are full of hard business getting ready for the fine event coming off soon and I wish you and Madeline much good luck

Yours truly with love

Dear Mina :—

Mr Haas your Secy has written me and I was glad for the assurance he gives me that you will fix up my Bond matter at once. If I was tobe in N.Y. your plan would be quite satisfactory to me to let the matter wait until I came but I am going tobe unable to reach N.Y. soon. I am doubly sorry for this for it makes me miss Madeleine's Wedding. I am tied up with an allotment Sale and as I find it needs close watching to catch what business is in sight I am needed here. So won't you send that bond on to me or fix it so I can have the Cash value of it at once. Do this Mina and I will appreciate it very much. Let me know tomorrow by telegraph what you will do.

We hope our family representatives Marguerite and Elizabeth may show our loyalty to you all and our best wishes for a glorious good Wedding. Give my love and assurance of support to Thomas as he now starts another family on in the good way of life. May all be joy and prosperity with them is the everlasting wish Aunt Ora & Uncle Ira

Yours with love

Akron O June 15.14

Dear Mina:-

Regarding the Estate or Oak Place affairs which we have been exchanging letters about I wish to say that the Counter suggestion you make to my plan (and which Ed & Lewis fully concur in) I do not see and with all consideration to same how it helps out at all. As I view it and what we all need for the good of all is a full settlement of Everything. The majority of us will feel better to have things settled up complete and right at this time, and with that idea I still hold to my plan—

1. Select a limited Trustee with powers confined to clauses below
2. Such Trustee to select a Competent Engineer to lay out the whole of Oak Place by Metes & Bounds into an allotment
The Pauls or Warners of Akron are good Eng's
3 Let the Akron Appraising Board take this Allt and divide same into eight equal parts - including Land, House, Barn & Green House
4. Take these divisions, number them, place

the numbers into a box from which we can each draw and the number drawn will designate the division to be his or hers

Now if Grace wants the House and she should fail to draw it surely there can be trades made with one another that will enable her to have the House with any others who may want to join her.

Once we have our different shares to handle separately we can do lots easily to fix up every thing.

Hoping something may be accomplished I leave my suggestions for your consideration

Yours Very Truly

J M

Dear Mina:-

Your agreement paper relating to Oak Place as of date June 22.14 I have carefully noted and sorry that the solution of our family problem is continuing to drag out in this long way.

In my former letters I have explained fully my position, this present paper leans pretty well toward my idea if it could be tamed down some in the 4th 5th 6th & 7th clauses. Now in all kindness to Grace and all the family I think there is to much attention being shown to a few rather than looking after the family as a whole - Grandchildren & all - If Grace will just give up and let us get the property divided once - it does seem there would be brotherly & sisterly feeling enough left to fix Grace with a home - (Dont you think so?

Lovingly -

NEW YORK CITY, August 29, 1914.

Dearest Mina:

Last evening Mr. Ingersoll, Robert Junior's friend, who is my protector, invited me to dine at the National ArtsClub. We had a lovely dinner there, then went to call on Madeline and John, and enjoyed so much seeing them in their attractive home. Madeline had her China Closet pink of neatness, and they both seem so very proud and happy.

I had just commenced this letter when Mary called me up, saying you had asked me to come out and spend Sunday. I would dearly love to come on, you know that with out my saying it. But Lillian Gillilan telephoned in Thursday asking me if I would not spend the week end with her and I promised to come out this afternoon at four and will probably come home to-morrow evening. Rachel wrote yesterday, they would send Martina on to-day, but this morning I had a postal from Lewis, saying she would be here Monday, so it all fits in very beautifully

I wish I could meet you at Madeline's for tea this afternoon. We went down there on the Bus last evening and it seem very easy ~~to~~ of access. Tell Theodore I am still working away at my designs and hope to have them in order some time this week. I find they take so much more time then than I had any idea that ~~it~~ they would. It only proves we never know how much efforts there is ~~to be~~ in these seemingly small things. A letter from Will's cousin, Mrs. Holt this morning, stating she would like to try the work at Manitou Springs. I am always so glad for any other new opportunities to place it.

Now that Martina is coming, you must plan to Come call in and have luncheon

or dinner with me.. I know Mr. Edison w ould not come ~~on~~ But and you and Charles and Theodore and John could come and we would have Madeline and John.

These cards are the ones I told you about from Mrs. Leech. The two for the friendship calender. You can write and send them to me and I will enclose them in my letter to them or if you prefer I will give you their address.. Mrs. James Leech, Greenwood Inn, Evanston, Illinois. I am going to put on mine this little saying. " Friendship above all other ties, does bine the heart and faith in friendship is the noblest heart." Do you think that is all right? Then this other card was given me by a Mrs. Barlow, who was secretary of the Womens Club at Chautauqua during the time Aunt Emily was the President. Not that you will ever have the time to look her up, I thought so long as she had mailed this to me to send to you I would send it on. She also was a very old friend of my Aunt Sara's It seems she has heard that Charles and Eds on Ford are going into business together in Detroit and Mr Edi son and you are.going on I suppose to celebrate this adventure.

I think it is interesting, at least to him her how people plan for us. Now my dear I will leave you as I have quantities of work to get off between now and the time of leaving for Pelham Manor. A postal from Junior, said his tour through the White Mountains i s the grandest he could ever had imagined Isn't it lovely that he and Rachel could visit the place this summer where Robert and I had such happy experiences They have always been so very curious to see Bethlehem and the surrounding countries. I told Lewis he surely must take it in another summer.. Always with deepest love for you and yours,

Lovingly,

Louie.

Akron O Sept 1. 1914

Dear Mina :-

First I want to thank you for the beautiful Birthday Remembrance you sent to me. I appreciated same so much and to think you had the day marked makes it surely certain that you were thinking of me and makes me feel certain that you intended to remember me. Fifty eight years have not been long in going and they have been full of joy to me for little sickness have I had and barring a few stumbles my business life has been pleasant and our family experiences happy ones. I am still in good health and hope for a good long continued period of the joys of the past. Now for the Bond I am sorry you cannot find market for same as I really need money right now. My Real Estate market under these war times is just dead and it was these sales that has been making been making me my money lately. If you can get near 88^{c} on the dollar for the bond I think you better sell, for considering the interest the Bond draws, I think it doubtful that the market will ever pay near par for it again. I will appreciate the money soon as you can get it.

Well Cora has been little under the par mark again. Hard indigestion spell caused by eating to heavily of rich salads &c. She is naturally inclined to worry and thus nervous & if she over eats the least bit when in these worrying conditions then she suffers. Miss Barton, Cook over at the Tea Room went wrong & they had to let her go. Then Lena our girl here at "No Lawn" went wrong also. and we had to let her go and these things have bothered Cora along with as she says no sympathy from her husband. Which of course I say (as to the latter is not so. She is about well again now and seems quite like herself again.

Yes the War business is awful and there seems to be no let up in sight and what all is going to happen to us I don't

want to think about but one
thing I am thankful for we
have a good clear headed
President at the helm.
Tomorrow Cousin John Miller
will marry Miss Lynch of Canton
and Aunt Marcia and Mrs Love
seem mighty happy over the affair
for Miss Lynch is a fine young lady -
Mr Musser has sent word he wishes
to see me tomorrow so I hope he
may have something feasible
worked out for Oak Place -
Hope you liked my suggestion
about sale of Hotel Stock. Of course
I would just as soon Trustee this and
keep it as we talked only it is such
a doubtful thing all the time what
Chautauqua Institution will do with this
stock if everything does not just run
smooth in the lines they want it.
This is a thing we have all got to think
about. As a family I think we are
all in for Chautauqua and we are
recognizing these needs we want to stand
by and keep the Institution all we can
but this Hotel investment amounts to a pretty big
item. Love to Mr Edison and I wish I could be
of help to him in these trouble times Yours Affectionately Ira

Remember me to Mad'e & John am glad to hear good things about
their apartment life - They surely must be doing fine.

Mrs. Thos. A. Edison,
Orange, N. J.

Dear Mrs. Edison:

The weather is getting cooler here now and our heavy rains seem to be about over and I think it would be well to begin to finish up the various items uncompleted on the work I had done for you on your home place here during the early part of the summer, such as the plastering, etc.

Mr. and Mrs. Zeeman want me to have their either house painted both inside and out. It will cost $100 and possibly as much as $125 to do this and as I received a letter from Mr. Edison a few days ago complaining about the expense of keeping up the place I write now to have you instruct me just how much painting to have done.

I always endeavor to have your work done at the lowest possible cost and do not have anything done that I do not consider absolutely necessary. I will appreciate a prompt reply to this letter so that I may have whatever work you decide to have done completed right away.

Very truly yours,

H. E. Heitman

Dear Mrs Edison--

I was in Italy at the time of your daughters marriage I am so sorry that I missed the wedding.

I am going to call on you some day soon with my daughter whom I used to take up Orange Mt near your home in her baby carriage. If you have a regular day , let me know. Then we can learn the address of the young people and some day call on them.

Sincerely,

Dear Mina:-

It surely was fine to have you and John visit us as you did and now also have Mary stay awhile as we wish you both could have done. You must repeat this often. I am sure the work you accomplished while here will bring good fruit and will be glad if it does.

Pardon me for bringing up the Bond matter again but I forgot to speak today. My cash share of that Bond should be I think equal to what the half share of the bond was when the rest of the family got their bond - In other words Ed says he got about 95 for his bond - I therefor think I should have that value first, then the balance can be divided into eight parts

Kindly send me the money soon as you can -

Yours lovingly - Ira -

Already done.

Pittsford N.Y.
Oct 19, 1914 -

My dear Mrs Edison -

Many years ago at Chautauqua - I knew you as a young lady - though you may not remember me, I am Robert Vincent's mother whom you will recall - as he rang the Chimes - and was a friend of your sisters and Miss Marion Edison - I was at Clifton Springs Sanitarium last month - and saw many of the sick in wheel chairs - but all were obliged to have an Attendant - I wondered - if in these days of electrical appliances, if a small battery could be placed beneath the chair - with handle at the side to propel, as in an Electric carriage - I know you are interested in every thing of this kind - and am sure if you think it feasible - and can be patented you will advise me. I know of your husbands great genius - and if he thinks it worthy he will help me - As I have no money it will have to be done by selling the right - or whatever is the

procedure in such cases - I am trying this as I need the money - through too much faith in a man - whom I trusted with the money my husband Dr Vincent; left me - I lost every cent - and am now dependent upon - my son Robert - with whom I live - and the war is making it hard for him, in his Carbon Paper business - I have been reading of the wonderful lamp. the Edison Mazda - your husbands invention. I would have one - if I could afford it - Will it be asking too much - for you to let me know what you think of the electric chair? I am sure it would be helpful to many - I know if Robert knew I was writing you he would wish to be remembered to you but this is so uncertain that I have not told him about it, -

Most Sincerely -

Emma C. Vincent,

Mrs. F. L. Vincent.

I enclose name of firm - maker of chairs - who might like to make with attachment -

October 19. 1914

Dear Mina:

Just a word to you this morning about the Bond. I am sorely in need of some money and have nothing to realize on better than that Bond. It draws very low interest and has no growing value-

My sale of lots is very slow on account of low ebb of general business and financial times. Kindly take this bond sale up at once and send me my share. There is nothing worth while in the future in holding this bond as its interest is low and will always keep it below par

Lew is out in your town and suppose having good times with his jolly load of Women

Grace was over to see us last evening and seems well & happy. All well at "Oak Lawn" & wish to be remembered to all at "Glenmont"

I am sorry to bother you about this but Mina it is imperative that I have some money at once and I have been waiting right along for some time on this Bond Money. The way the Bond market is you might wait indefinitely for a better market and then not gain much in price so I feel that I should have my share out of my Bond at once - I need it Mina or I would not bother you. Mary is calling for some interest money I owe her and I have other bills due. Please believe me and give this matter attention at once - Will expect letter Tuesday next - Yours with Love to all Jno M.

Mrs Thos Edison

Dear Friend:-

Enclosed is a little pamphlet entitled "A Wonderful Year". I believe it is sufficient to cause thanksgiving. You have helped to make this thing possible.

Now, I am coming to you again to ask for one more lift before the year is past. I am requesting you to make a Christmas offering of one dollar, more if possible, for the following reasons:

First; The victories of the year, mentioned in the folder, justify a thank offering.

Second; A greatly increased force and desperate business conditions have prevented any material reduction of an indebtedness of $4600 inherited by the present administration a year ago.

Third; The increased work of education, organization, legislation and law enforcement planned for next year, will require all of next years's income.

If every friend and supporter of the work will respond to this appeal, - each doing all he or she can - this indebtedness, which is hounding us almost to desperation, will be wiped out and we will enter the new year with a clean sheet.

With the sincere hope that this appeal to you will not be in vain, I am,

Yours in His service,
James K. Shields
STATE SUPERINTENDENT.

JKS/LCE

P. S. It is the policy of this administration to keep out of debt.

Mina dear —

Your letter was read with avidity — It made me terribly blue but at the same time happy to know that you were fine & happy with your little family and that I could come and share it whenever I wanted to — Oh! Mina dear I can't answer your letter — I hardly know how to and I can't bear to think of any of it as it makes me so blue — I am sure I don't want to grow bitter and I do hope I have not seemed to be — But it is very hard for me to see why I should not just be taken out of the world altogether — I am beginning to feel better after our strenuous living and must not dwell on this subject now —

I am glad Madeleine is getting settled so rapidly — It is the joy in her happiness that will buoy your spirits over this difficult time to you —

I wish we could get word from Marion - I think of her a great deal and am anxious about Oscar — It certainly will be cruel indeed if he is taken from her. The worry of having him away from her during such dreadful dangers is enough - If you write her give her my love - I don't suppose mail carries very easily -

I am so happy in that you are happy over your "dear one" - I told you all along he was there just the same but too anxious over business affairs to be to you what you longed for —

I gave the handkerchiefs to Miss Smyser (Spelled for you) and She was much pleased - also I want to thank you for the check you enclosed to reimburse me but which was entirely unnecessary - You must not try to find any reason for accounting for Cora & the others of her family - I have settled down on trying to take them as they come -

Good night Mina dear —
Sweet dreams & a God bless
you —
Ever your admiring Sister
Grace —

Mailing my letter this morning
It's the 16th — the anniversary.
You were a little ahead of
time Mina dear —
I am trying to follow out
your suggestion for mother dear's
things.
Sew just telegraphed that he
was trying to arrive home
in time for dinner tonight —
with Mr & Mrs Beston & the two
Clarke girls — We have to stir about
in a hurry to get ready —
